TASTER PROGRAMMES
are micro-experiences of different job roles that allow you to get a taste of working life and help you decide what to study to achieve your career aspirations!

Concerned about your next steps?

Stop

- Calm yourself down. Take a few deep breaths.

Think

- Think through the different options that are available for you. Keep things in perspective.
- Remember that the N-Level is one part of your life journey and not the destination.

Do

- Approach a trusted adult and seek his/her help. Have a conversation with this person about what would be best for you.
- Make a decision and take action based on your options.

When you receive your results, you may experience a range of emotions.

Managing these emotions well will allow you to stay calm and make rational decisions.

Reaching out for help is a sign of strength, not weakness.

If you have any questions about your options or are not coping well, do reach out to someone you trust and speak with them. It could be a parent/guardian, teacher, ECG Counsellor, School Counsellor or a friend that you can talk to.

Support is readily available for you.

Reach out to an ECG Counsellor!

*Who can we go

Key Pointers for Students on ITE's Joint Intake Exercise (JIE) for Admission to Nitec Courses

ALL N(T) students and N(A) students (who are not progressing to 5N(A) or repeating 4N(A)) are eligible for JIE.

Keen competition for Nitec and Higher Nitec courses, so use all 12 choices wisely!

Participation in Main Phase is key to secure a place in ITE!

If you are keen in the work & learn option, you may consider applying for the ITE Traineeship programme. Do apply in the Main Phase to avoid missing a place in ITE!

If you are unsuccessful in EAE, make sure you apply in Main Phase to avoid missing a place!

If you have received an additional letter, then you are eligible for the Enhanced Foundation Programme.

If you are eligible for EFP, make sure you apply for the 2-year Nitec and 3-year Higher Nitec first before applying for EFP!

The EFP helps to build the necessary literacy and numeracy foundations that will enable you to successfully complete your Nitec course!

If you are counter-offered a course, accept it first before appealing for another course you may be more interested in!

If you've already accepted your EAE offer, you will **NOT** be eligible for JIE.

Do note that your results **MUST** meet the Minimum Entry Requirements of the course.

At ITE, we have a wide-range of scholarships and sponsorship awards offered by external organisations and companies for our students. Deserving students will be awarded the scholarships or sponsorships based on academic merit, good track records in co-curricular activities, leadership qualities and special talents. Students should apply for these scholarships and sponsorships at the respective ITE Colleges upon admission to the course (if applicable). The list of scholarships and sponsorships offered for ITE full-time courses are given below.

For Students Planning for Private Education

The 3Rs when deciding on Private Education

Reasons

- Why are you furthering your studies?
- Is this for better job prospects?

Readiness

- How ready are you to further your studies?
- Can you cope with the academic rigour and assignment deadlines?
- Can you fund your studies?

Risks

- Do you know the possible drawbacks?
- Your expected returns may not exceed the investments you put into your private education.
- Private schools may make exaggerated claims.
- Private schools may close due to various reasons.
- You may not get a full refund if you withdraw from your course.

8 Things You Should Know Before You Enrol in A Private School

School Registration

Ensure the school is registered with CPE. Review the school's registration period, expiry date and its overall registration track record.

Partner Institution

Research on the partner institution conferring the diploma or degree, and whether the qualification is recognised by the industry.

EduTrust Certification Scheme

Is the school EduTrust-certified*? Under the scheme, private schools are assessed for their performance in areas such as school management and provision of student support services.

**Schools are required to obtain EduTrust certification in order to offer external degree programmes*

School Premises

Head down to the campus ground to check the facilities and support services. Observe the study environment too.

Fee Protection

Ask if there is any course fee protection so that you will be able to recover unconsumed course fees should the school close down.

Beyond Course fees

Find out about the course syllabus and materials, graduation rates and employment prospects. Approach the alumni to find out what they think of the school.

Teachers

Check if the teachers are qualified to teach the course.

Internship

If industry attachment is included, find out which organisation you will be attached to, the period of attachment and the alternative arrangement should the attachment become unavailable. Verify the information with the organisation as well.

**Presentation slides will be
uploaded on the school
webpage after today**

We wish
you all the
Best.

Details of Admissions Exercises

PFP – Polytechnic Foundation Programme

PFP is a one-year programme that offers a practice-oriented curriculum taught by polytechnic lecturers to better prepare polytechnic-bound Secondary 4 N(A) students for entry into selected polytechnic diploma courses. PFP students are given provisional places in diploma programmes, subject to them passing all modules in the one-year programme.
